Forecast for Sunday 19 Nov 2023

Weather: Cloudy and overcast with outbreaks of rain and drizzle, the rain heavy and persistent at times through the morning, especially on western slopes. Very windy and feeling chilly over the summits, gales and significant buffeting expected. Navigational difficulties expected at height. Some drier spells into the late afternoon and evening, though remaining mostly cloudy.

Chance of cloud-free hill tops above 600m: 20% in the west, 50% in east.

Low cloud and visibility: Extensive cloud base 400 to 700m during the morning and much of the afternoon, especially across western slopes. Cloud mainly confined to higher summits in the east. Visibility generally moderate or poor, and very poor in cloud. Mainly good or very good in the evening.
